

MAYSVILLE, KENTUCKY, FRIDAY, JULY 17, 1914.

ONE COPY—ONE CENT.

A boat and a beach and a summer resort,  
A man and a maid and a moon;  
Soft and sweet nothings, and then at the real  
Psychological moment a spoon.  
A whisper, a promise, and summer is o'er,  
And they part in hysteric despair—  
(But neither returns in the following June,  
For fear that the other is there.)

Wall paper, rugs and paint at HEN-DRICKSON'S.

## STATISTICS OF FATALITIES

The Interstate Commerce commission tells us that during the fiscal year ending June 30, 1914, there was a reduction of 814 in the number of persons killed by American railroads. Those killed, including passengers, employees of all classes and trespassers, numbered 10,156.

## FEDERAL LEAGUE WINS BIG VICTORY.

Chicago, July 16.—The Federal League scored its first big legal victory in its war on organized baseball today when the appellate court held the ten-day clause in the ball players' contract "null and void."

## "GOES OF LOYALTY IN OLD MAYSVILLE"

(Portsmouth Times.) They have some pretty game sports down in the little hillside town called Maysville. They are a yard wide and true blue.

In one day a soliciting committee raised \$600 for the ball club. Yes, Maysville will retain its franchise in the Ohio State league. Ironton may hoist the white flag and quit cold, but Maysville, no never. The fans there have learned to like organized baseball and the gentlemanly players in the Ohio State league. Hats are off to Maysville. It may be the smallest town in the league in souls, but not in loyalty. And the soliciting committees says it will raise \$1,000 before it completes its labors. This sum will insure baseball in Maysville for the rest of the season.

## BUILD YOUR HOUSE NOW!

If you are contemplating building a home or a house for an investment, now is the time to place your order. We have the largest stock of all kinds of building material that can be found in Northeastern Kentucky and have large contracts with the timber men for still greater supply. We contracted this large supply at a price very near cost of production and we are in position to give you the advantage of this good purchase. Place your order now or let us give you an estimate on your requirements; you will then leave your order with Maysville's Foremost Lumber Yard.

## LIGHTNING LOSS IN BRAEKEN.

Monday evening, lightning struck a stable belonging to Sam Louderback, living near Gertrude, setting it afire, the building being consumed. Mr. Louderback was in the stable at the time, milking, and was stunned by the lightning, but managed to get out in time to save his cow and several sets of harness.

## A CASE CALLING FOR SYMPATHY AND ASSISTANCE.

One of the fourteen-months-old twins of Mr. and Mrs. John D. Kidd, passed away yesterday afternoon at their home on Carmel street. Burial in Fleming County.

These twins are rather a peculiar case. The bones in the children's bodies had never hardened. A short time ago arrangements were made to place them in a Cincinnati hospital for treatment. For some reason it failed to materialize. Here is an opportunity to do good work.

## COUNTY COURT

Yesterday, a paper bearing the date of January 6th, 1908, purporting to be the last will and testament of Bridget Clooney, deceased, was produced in court and filed. The paper was proven by the testimony of James Threlkeld and W. W. Ball.

It was ordered that Andrew Clooney be and is hereby appointed administrator of Bridget Clooney, deceased. He qualified as such with J. M. Collins as surety.

The inventory and appraisement of the personal estate of Martha Brammel, deceased, was produced in court, filed and ordered recorded.

## SCHOOL PER CAPITA \$4.50

This Year—An Increase of 50 Cents Over Last Year and the Highest on Record in Kentucky.

Frankfort, Ky., July 16.—The highest per capita apportionment of the State school fund ever made was declared today by State Superintendent Barksdale Hamlett for the school year 1914-1915.

The per capita will be \$4.50 for each of the 730,000 pupils in the State.

All this money goes for the payment of teachers. It is an increase of fifty cents over last year and ten cents higher than it ever was before.

As there are 3,256 school children in Mason County this means that our schools will receive \$1,628 more from the State fund this year than last.

The per capita is based on school revenues amounting to \$3,061,544.

## FUNERAL OF MRS.

**MARY B. BEST**

Husband Is President of the Lovell Buffington Tobacco Company of Covington.

(Thursday's Enquirer.)

Funeral services for Mrs. Mary B. Best, 69 years old, who died Tuesday night, will be held this afternoon at 2 o'clock at her late residence, 2876 May street, Walnut Hills. The body will be taken to Georgetown, Ky., her birth place, for burial. Mrs. Best was the wife of B. D. Best, President of the Lovell Buffington Tobacco Company of Covington, Ky. Previous to coming to this city, 15 years ago, she had resided in Covington 25 years, where she was active in the work of the Scott Street M. E. Church.

Besides her husband Mrs. Best leaves a son, Rawlins D. Best, Secretary and Treasurer of the Lovell Buffington Tobacco Company.

Mr. B. D. Best is a brother of the late T. L. Best of this city.

## SIX MONTHS OF FREE-TRADE FAILURES.

Bradstreet's of July 4 notes that failures for the first half of 1914 number 7,745, a total 8.4 per cent. greater than in 1913, with aggregate liabilities of \$149,909,754, a sum 31 per cent. larger than a year ago. The same paper states that "the liabilities totals include estimates of the direct but not of the contingent indebtedness of the H. B. Claffin Co." From this it would seem that the gross sum of liabilities for the first six months of 1914 must be increased to close upon \$178,000,000, for out of the \$34,000,000 liabilities of the Claffin concern only \$6,000,000 are "direct" while 28,000,000 are "contingent" in the sense that they represent that amount of notes made by customers and indorsed and discounted by the Claffin concern, and if not paid by the makers are a charge against the assets of the indorser. So it turns out that Free-Trade depression has a much greater damage to answer for than appears on the face of the returns.

## WHITHER ARE WE DRIFTING?

Every intelligent observer of human affairs knows that the United States is in a period of transition. Notable political and economic changes are in progress. The fact is, the country has been growing and its people learning. There has never been an age when so much time and thought have been devoted to studying the problems of humanity and when so much light has been shed upon them. The amount of paper required by our magazines and newspapers has increased 150 per cent. since 1900. The people are awake and are demanding sanity and honesty in all that concerns them. Another Rockefeller or Carnegie will be impossible in this country. Mellens will become more scarce, Tammany Hall is losing its power, and political bosses and hide-bound partisanship are fast disappearing. But the demand for honest and intelligent service in all departments of life is increasing and is sure of prompt recognition and adequate reward. No political party need hope for success which does not realize these truths and put them into practice.—Scioto Gazette.

## THE "THIRD DEGREE"

A bill has passed the Georgia Senate making it unlawful to use "third degree" methods for the purpose of extorting statements from prisoners. Similar laws are on the statute books of a number of States. The Kentucky Legislature passed such bill several years ago. The "third degree" should not be tolerated anywhere. It smacks too much of barbaric ages and it is repugnant to the American sense of justice. It has been applied in many instances to force a confession from persons accused of crime. There is neither law nor excuse for such a procedure. Every person charged with an offense against the law is entitled to a fair trial. No part of the duty of policemen and deputies to convict a man after he has been arrested is to attempt to extort a confession by rough and brutal treatment is reprehensible in the highest degree.

Courts of justice have been established for the trial of criminals and persons charged with infractions of the criminal laws. The courts are the proper place for the examination and cross-examination of prisoners. Statements and confessions should be made in court or to court officials. There is no reason for an arresting officer to usurp the prerogatives of Judge, jury and prosecutor. Under ordinary circumstances there is no reason why a prisoner should be intimidated or mistreated. "Third degree" methods do not facilitate justice. Statements obtained in that way are not to be relied upon. There should be no place for such a system in a civilized country.—Courier-Journal.

It has been said that a cat has nine lives. However that may be, the Free-Trade party has only one accidental life, and a short one at that. Short as it is, it is too long for the good of the workers in the United States.

## FROM A DOLLAR TO A NICKEL.

The past theatrical season was the worst for many years. The baseball season is going to be a very poor one, financially. The summer business is going to be a failure. Well, when millions are out of work when other millions are full of anxiety, when the necessities of life are so hard to get, then recreation and amusement must be affected in full measure. We are taking our enjoyments today, not in dollars' worth, but on a nickel basis.

## RESTORATION OF SUGAR TARIFF.

Both political and economical reasons are offered in explanation of the rumored restoration of the sugar tariff. That it was an economic blunder to cripple a great and growing home industry and turn its trade over to a foreign monopoly was sure to be realized sooner or later, and an agitation for its correction was to be expected. The political effect of killing an industry well established in a dozen states will be sharply demonstrated to the party responsible for such a move.—Auburn (N. Y.) News.

## CLASS LEGISLATION.

For the first time in the history of this generation, at least, the Democratic party has come out flatly for the enforcement of the law against the masses of the people, but for the non-enforcement of the law against a few favored classes.

In connection with the Democratic bill for the amendment of the anti-trust laws, a special exemption is made of a few favored classes. If a group of non-union workers in a dry goods store, in a mill, in a great factory or foundry, for example combine to hurt the public, to reap extortionate prices at the expense of the public, to deprive the public of the actual necessities of life, those offenders may be punished. If business men attempt the same thing, they shall be punished. If any class of Americans wage earners, capitalists, whatever they may be, attempt such extortion, they may be punished. But if these offenders belong to a labor union, or to an organization of farmers, they shall not be punished, in any way.

Of course this is "class legislation" of the boldest type. It is outrageous discrimination against the great body of the American people. No matter what the crime says this proposed amendment, no matter how outrageous the methods employed, no matter to what despicable resorts the organizations may go, the law shall not be used against such organizations. They are to have carte blanche to combine and to conspire against the people of the United States, and the courts are absolutely forbidden either to enjoin them from the commission of crimes, of violence, or to punish them for crimes committed.

The motto of the Democratic party is: "One law for the common people, another law for organizations which control votes."—Boston Advertiser.

THE PLURAL VOTER.

Senator LaFollette, apropos of certain frank confessions in "high finance," said to a reporter: "Candid, at any rate isn't it? In fact, it's all so very candid that it reminds me of Uncle Wash White."

"Uncle Wash had been a servant in the Carroll family for many years, and so, when young Charlie Carroll ran for Congress, he naturally expected the old man to support him. Charlie was a good deal disappointed, therefore, when the day after his defeat, he heard that Wash had voted against him."

"He sent for the old man."

"'Uncle Wash,' he said, 'is it true that you voted against me yesterday?'"

"'Yes, Mars' Charlie; I done voted de Republican ticket,' Uncle Wash admitted."

"'Well,' said the defeated candidate 'I like frankness, anyhow; so here's a dollar for your candor.'"

"'Uncle Wash pouched the dollar. Then he scratched his head, chuckled and said:

"'Mars' Charles, if you's buyin' candor, you owes me fo' dollars mo', 'kase I voted again ye five times.'"

The hunting of doves will be legal after August 1st.

## FARMERS AND THE PARCEL POST

(Farm and Fireside.)

"The farmers are not making the best use possible of the parcel post. That is a recognized fact. They are getting enormous numbers of packages from the cities, but they are not selling by mail. Probably they will do more of this as time goes by. They are not prone to jump into new things very rapidly. Many of them have not as yet thought of making use of the new system of marketing. Some, however, are advertising in city papers, and no doubt are building up connections which will be good for them and for city people."

## FEED TUMMY, THEN BRAIN

Berlin.—The school authorities of Berlin have ordered that commencing the fall term children in the lower Grammar grades shall be weighed and measured every six months to carefully note their physical development. Should it be found that poor children are not receiving the proper nourishment for normal increase in growth and weight, this is to be remedied by providing them with breakfast and luncheon in the schools at the expense of the city. The authorities have found it uphill work to cram knowledge into a brain when the little "Tummy" that feeds the brain with blood, is empty. Also that big heads and weak bodies make a poor combination for the future of the nation.

## COLDS AFFECT THE KIDNEYS

Many Maysville People Have Found This to Be True.

Are you wretched in bad weather? Does every cold settle on your kidneys?

Does your back ache and become weak?

Are urinary passages irregular and distressing?

These symptoms are cause to suspect kidney weakness.

Weakened kidneys need quick help.

Doan's Kidney Pills are especially prepared for weakened kidneys.

Grateful people recommend them.

A. Sorries, locksmith, Aberdeen, O., says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when stooping, it was hard for me to straighten. Colds always settled on my kidneys. I used Doan's Kidney Pills and they stopped the trouble and my kidneys became strong."

The above is not an isolated case. Mr. Sorries is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Sorries had. 50c all stores. ### WINCHESTER "WETS"

Circulate Petition Against Prohibition Election.

Winchester.—The "wet" element circulated a petition protesting against the calling of a prohibition election, declaring that the movement to have simultaneous elections in adjoining counties was originated in Lexington for the purpose of voting other counties "dry" while it remained wet. Such an election, the petition declares, would be hurtful to business.

### "THE ELECTRIC COTTAGE"

Maysville Gas Company Gives Unique Exhibit and Demonstrations of the Wonders and Magic of Electricity.

This is the electric age.  
This is the Edison age.  
This is the Mazda age.

This is the era of wonder after wonder, and "Electricity" is the marvel and the power that moves the universe. Electrically, Maysville is right in the forefront and the enterprise exhibited by the Maysville Gas Company in fitting up the "Electric Cottage" in East Second street, the pretty new home of Mr. T. J. Curry, is most creditable to that concern. Here is shown practical demonstrations of the perfect and inexpensive work of applied electricity.

Here are exhibited "everything electric" except the female cook, and many times even the cook is boiling over with electricity.

The housekeepers of Maysville and Mason County, Ky., and Brown County, Mo., are flocking to the exhibit by the 50's. You must see—  
electric sewing machine,  
electric ice cream freezer,  
electric coffee grinder,  
electric cooking stove,  
electric coffee percolator,  
electric broiler,  
electric toaster,  
electric fireless cooker,  
electric vacuum cleaner,  
The electric washer, etc., etc., etc.

The "Silent Servant" of the twentieth century.  
You simply press the button and Edison does the rest.

To Capt. H. J. Cochran, the enterprising President of the Maysville Gas Company is due this marvelous demonstration. "Hill's Electric Shop" installed the work and McIlvain, Humphrey Knox, the furnishings.

Miss Nellie Curtis and Miss Alys Hawks, the experts on "everything electric" are indeed "experts" and lovely and accomplished young women. They and Miss Lottie Berry of this city are receiving all visitors and are dispensing dainty luncheon and fragrant coffee, free to all visitors, prepared solely by the electric way—the only way. You are kindly invited from 1 to 9 p. m.

## FORMER HEAD OF THE PYTHIAN ORDER DIES.

George C. Carter, Past Grand Chancellor of the order of Knights of Pythias of Kentucky, whose home was in Latonia, died yesterday at 6:30 p. m. in a Lexington hospital from paresis. Mr. Carter served as Grand Chancellor from 1912 to 1913.

## SANFORD IN FINE FORM

And Maysville Defeated Chillicothe Yesterday By the Score of 2 to 1.

Maysville took the third game of the series from Chillicothe yesterday by the score of 2 to 1.

The game devolved into a pitchers' battle from the start—Sanford of Maysville against McIlvain of the Babes.

Only three scattered hits were garnered off Sanford's delivery, while the Burley boys got seven safeties off McIlvain.

Maysville made one in the first, Chapman singled and went to second on McIlvain's wild heave. Emery walked. Donovan sacrificed. Curtis singled scoring Chapman. Ellis fled out and Montgomery was out at first.

The Babes made their only score in the third inning, tying things up. With one down Corbin singled, stole second and scored when Emery made a sensational stop of Parmalee's grounder, but threw the ball away trying to get Corbin at third.

In the sixth with one down Maysville made the deciding run, when, with one down, Ellis singled, went to second on Montgomery's out at first, to third on McIlvain's wild pitch and scored on Dietrich's single.

The score follows:

## RIGHT OFF THE BAT.

And just to think that old man Nesser has never knocked the fence down here yet.

McIlvain of the Babes fanned three times yesterday and Johnny Shovlin also breezed twice.

The weather was threatening yesterday and the "Boosters' Day" crowd failed to materialize.

Chillicothe plays the fourth and last game of the series here today. Game called at 3:15 p. m.

Ed Sanford made the only extra-base hit in the game when he slammed the ball to the right field fence in the fifth.

He may be near—he may be far away, but a good portrait of you will surely be appreciated and may bring one in return.  
We shall be pleased to show you our wide variety of styles and mountings. An appointment for a portrait will be optional WITH YOU.

## MOWER PARK HAPPENINGS.

A letter from the manager, states campmeeting will begin on Mower Park August 6th and continue fourteen days. Evangelist Miss Minnie Smith of Louisville, Ky., and Rev. R. S. Grizzle of Quincy, Ky., and several others will assist in the meeting. Miss Goldie Grizzle will have charge of the organ and music. Boarding and lodging on the grounds at low rates. Ten cents gate fee on Sundays to assist in paying expense. All God's people invited to take part and assist in making the meeting a success in God's cause. Rev. N. G. Grizzle, formerly of Maysville, now the pastor of Fullerton M. E. Church, will have charge of the meeting. He held the meeting on the Park last August, and did more good than any ever held before by any of his predecessors.

A campmeeting by the colored people is conducted near Pearis on the farm of W. R. Dunbar, formerly the Thos. Rea estate. It is said the meeting is well attended and much interest taken.

Farmers are rejoicing over the fine rains of the past few days, that came in time to save their crops from utter ruin. Some corn is tasseling out rather short but plenty of rain will make plenty of good size nubbins of corn. Gardens were in bad shape but there may be a few cabbage and beans later on, while "taters" are now a luxury provided you are able to buy them.

The headwaters of Crooked Creek suffered a cloud burst Tuesday about noon and the flood did plenty of damage to gardens, corn and tobacco for several miles along the creek. Two thirds of a fine field of tobacco just below the iron bridge was badly damaged by the muddy water and washing it away. A. S. C.
